Certificate Course
on

**Advance Techniques of
Post-Harvest Management
in Horticultural Crops**

Dates: 08-22 August, 2024

Organized by

**Department of Vegetable Science
College of Horticulture
S.V.P.U. of Agri. & Technology,
Meerut (UP)-250110**

About Department

Department of Vegetable Science was started in the year 2020 under the inception of College of Horticulture, Sardar Vallabhbhai Patel University of Agriculture & Technology, Meerut.

About the program

Horticulture occupies an important position in the farming system of western Uttar Pradesh and therefore, it has a great relevance in improving the overall economy of the zone. The specific agro- climatic condition of the region offers tremendous potential for the cultivation of various horticultural crops and development of processing industry. High productivity and successful cultivation of horticultural crops depends mainly on good quality reliable planting materials of promising cultivars and also their post-harvest management and value

addition to minimize the post-harvest losses. In light of above facts, the Certificate course on “Advance Techniques of Post-Harvest Management in Horticultural Crops” was planned on 08-22 August, 2024.
