Name of the Teacher: Dr Prabhakar Kumar Designation: Assoc. Prof.
College Name: COVAS Department: Veterinary Anatomy
Contact No: 9412777943 Email: prabhakar.ckumar@gmail.com
Current Year: 2019-20

This questionnaire is to collect feedback on curriculum, teaching learning and evaluation. The information will be used as important feedback for syllabus revision, restructuring of curriculum and quality improvement of the programme.

Excellent (5)	Very Good (4)	Good (3)	Average (2)	Poor (1)

Kindly tick the box that best corresponds to your opinion

S.No.	Description	Rating scale				
		1	2	3	4	5
1.	The allocation of the credits to the course is appropriate in relation to the level of course work				✓	
2.	The course content is adequate to achieve stated CO's/PSO's/PO's				✓	
3.	Is the syllabus designed to bridge the gas between the theory and practical				✓	
4.	The timely coverage of syllabus is possible in the mentioned number of hours				✓	
5.	Are the reference books/textbooks/journals/e-journals prescribed by the university relevant and updated to cover the entire syllabus		✓			
6.	Are the contents challenging to teach with the given facilities				✓	
7.	The unit/sections in the syllabus are properly sequenced			✓		
8.	Does the syllabus provide freedom to adopt new techniques/strategies of testing and assessment of students				✓	
9.	Is the syllabus designed in a way to improve the employability opportunities.				✓	
10.	The practicals enable to develop experimental, design, problem solving and analytical skills of the students				✓	
Any suggestions or recommendation to improve the overall teaching-learning experience in the university		Technicians should be provided to Department.

To,

Dean College of Agriculture/College of Biotechnology/College of Veterinary and Animal Sciences/College of Horticulture/College of Technology/ College of PHT

Dear Sir,

In the NAAC criteria -I, structured feedback for curriculum and its transactions is regularly obtained from stakeholders like Students, Teachers, Employers, Alumni etc. The process includes following steps.

i. Feedback collection
ii. Analysis of obtained feedback
iii. Action taken & communicated to relevant body

You are requested to maintain the feedback process regularly at your college level. The feedback proforma (Student, Teacher, Employer and Alumni) are enclosed. The feedback can be collected in offline or online mode. This is top priority and must be provided by 10 May 2023 to undersigned.

Vivek 25.4.23

This questionnaire is to collect feedback on curriculum, teaching learning and evaluation. The information will be used as important feedback for syllabus revision, restructuring of curriculum and quality improvement of the programme.

Excellent (5)	Very Good (4)	Good (3)	Average (2)	Poor (1)

Kindly tick the box that best corresponds to your opinion

S.No.	Description	Rating scale				
		1	2	3	4	5
1.	The allocation of the credits to the course is appropriate in relation to the level of course work					✓
2.	The course content is adequate to achieve stated CO's/PSO's/PO's					✓
3.	Is the syllabus designed to bridge the gas between the theory and practical					✓
4.	The timely coverage of syllabus is possible in the mentioned number of hours					✓
5.	Are the reference books/textbooks/journals/e-journals prescribed by the university relevant and updated to cover the entire syllabus					✓
6.	Are the contents challenging to teach with the given facilities				✓	
7.	The unit/sections in the syllabus are properly sequenced					✓
8.	Does the syllabus provide freedom to adopt new techniques/strategies of testing and assessment of students					✓
9.	Is the syllabus designed in a way to improve the employability opportunities.					✓
10.	The practicals enable to develop experimental, design, problem solving and analytical skills of the students					✓
Any suggestions or recommendation to improve the overall teaching-learning experience in the university		—

Any suggestions or recommendation to improve the overall teaching-learning experience in the university	• There has to be a more practical exposure to the Applied Courses such as Dairy Technology and Food Technology

• Special emphasis should be given to the practical classes.
• Chances to enhance lab facilities.
• More frequent evaluation should be carried out.
• Extra-curricular activities and other responsibilities should be given to the students
