Dear Dr. MALIK,

One of our post graduate student has successfully completed the course and research work and is proposing to submit the thesis shortly, in partial fulfilment of the requirements for the award of M.Sc. degree of this Institute. The details of his/her thesis are given below:-

Title of Thesis: GENETIC STUDY OF YIELD AND YIELD COMPONENTS IN BRINJAL (SOLANUM MELONGENA L.)

Major Field: VEGETABLE SCIENCE

We would like to seek your willingness for examining thesis in your capacity as a professional of standing in the concerned discipline. As you are, no doubt, aware that under the course credit system of land grant university pattern of U.S.A., on which our course curriculum and P.G. student research are modelled, there is generally no provision for external referees. However, from the very inception of the Post Graduate School at IARI, in the pursuit of excellence, we have sought the valuable guidance and assistance of senior colleagues like you from other Institutions in the respective discipline for evaluation of our M.Sc. dissertations. I know that in ensuring rigorous assessment you are clearly concerned about the high standard of excellence that should be minimum pre-requisite requirement for an approved M.Sc. dissertation. I shall, therefore, be grateful if you could kindly indicate your willingness for evaluating this thesis. In case you are willing, the enclosed letter duly filled in, may kindly be mailed in the attached self-addressed and stamped envelope. If possible you may communicate your willingness by e-mail on pgschool@iari.res.in

We will forward the thesis as soon as it is submitted by the student. The thesis alongwith the evaluation report is returnable to us within one month of the date of receipt by you. In case you have some special unavoidable difficulty in confirming to this time schedule, this may kindly be indicated in advance itself.

With kind regards,

Yours sincerely,
